ABOUT

A creative and curious multidisciplinary designer, graduate of a Bachelor's degree in Fine Arts, with a major in Design at Concordia University, with honors. Proficient in industrial design and skilled in graphic and UX/UI design-offering a great combination of artistic vision with technical experience.

WORK EXPERIENCE

Booth Stand Designer

August 2024 - Present

- Design and estimate stands using the 3D design software developed by Duo, in collaboration with our Project Managers and in accordance with client briefs.
- Create technical documents that guide the production team during the printing and fabrication stages of the stand.
- Provide technical support to the sales team to ensure customer satisfaction.
- Ensure technical follow-up on complex projects from the brief transmission to production, adhering to the recommendations of the design office.

Industrial Designer Intern

Westrock Company / May 2023 - May 2024

- Sole designer for the whole TMR plant.
- Effective communication and understanding of client's needs to create tailored packaging designs through ArtiosCAD.
- Hands-on project management to ensure timely delivery of client's order.
- Coordination with production teams to ensure the feasibility of product manufacturing.
- Placing order of die-cuts following design approval.
- Deep dive into the unique intricacies of the cardboard packaging design process.

Airline Supervisor/ Flair Airlines ATS

YUL Airport / 2021 - 2023

- Identify and eliminate barriers to reduce station-controllable delays
- work cross-functionally to reduce system-controllable and uncontrollable delays
- Work diligently and in conjunction with other departments to achieve a safe and accident-free operation.
- Dealing with discontent passengers and trying to come up with solutions to last-minute issues that might occur.
